Meghan Maguire, Assistant City Attorney stated that under the new statutory language, local governments must amend local ordinances to specifically identify violations that may be enforced criminally. Additionally, the legislation provided a list of ordinances that may no longer impose a criminal penalty. City staff, including but not limited to the City Manager's Office, Police Department, Public Services Department, Planning and Development Department, and City Attorney's Office, had worked together to review the Code of Ordinances and revised as required by Senate Bill 300. On May 26, 2022, this matter went before the Public Safety Committee, and it received a favorable recommendation to go before City Council. The first reading, along with a public hearing, was voted on and approved at the June 6th meeting of council; this is the second reading to review and consider amendments to the Code of Ordinances, as required by state law.

A motion was made by Mayor Pro Tem Peters, seconded by Council Member Hudson to approve the text amendment related to the decriminalization legislation on the second reading because we find that it is neither consistent nor inconsistent with
